English Story

The trial run began on a **crowded** Monday. Three of them stood at the west gate with a hundred printed cards and asked every visitor a single question. The idea was to keep the test small, **adapt** it hourly, and **describe** the result without decorating it. “Yes, it is slow,” Maya admitted, reading the card **again**. “Those answers change nothing until we can show them to someone else, and your card is the only proof we have.” Their **consent** form was one sentence long, written for a stranger in a hurry, and the response rate was also better than anyone expected.

By **midnight** the group had collected **me** a folder of handwritten answers. A girl drew a clock going **clockwise** and wrote that the new route saved her four minutes. Maya laughed **happily**, hugged her, and said that such a small, **meaningful** result was the first real **asset** the project owned. A quick photo **shoot** followed, and no **harm** came of it. The **novelty** would fade, she warned her friends, but the **loneliness** of a student standing at a locked gate would not.

A **collaborative** mood was **prevalent** that week. Two of them went to a **winery** on the edge of the city to interview drivers, and the manager spoke **openly** about a **knotty** problem: the road was **well off** in summer and impassable in winter. Among the drivers, a **dynasty** of local growers had kept the same habit for a century, and no **recyclable** sign had ever been posted for the **convenience** of visitors. The valley was **magnificent**, and its **magnificence** made the failure easy to forgive; that was exactly the danger.

Someone had tried to **mislead** the team with an **imitative** map copied from an **imperialist** survey. It was **graphically** beautiful and barely **distinguishable** from the real thing. Maya did not **misunderstand** the intention, but she refused to **cherish** a document that would **pollute** the record. A **heartfelt** apology arrived the next morning, and it was **regrettable** that it came after the delay rather than before it. She raised her hand at the meeting and asked for the source of every line.

They agreed to **reunite** the two halves of the survey before the term review and to assess the **feasibility** of a permanent sign. **Though** the work accelerated quickly, they chose a **leisurely** evening to check every card **anew** and to **congratulate** the volunteers who had fled the rain with them. “Anything else,” Lin said, standing where the old ramp should have been, “can wait until tomorrow.”

中文翻译

试行在一个拥挤的周一开始。他们三个人站在西门，拿着一百张打印卡片，向每位路人问同一个问题。想法是把测试做小、每小时调整一次，并如实描述结果而不加修饰。“是的，这很慢，”曼雅承认，又把卡片读了一遍，“这些回答什么都改变不了，除非我们能拿给别人看。”他们的同意书只有一句话，是为赶时间的陌生人写的，而回复率比任何人预想的都高。

到午夜时，小组已经为我收集了一整袋手写回答。一个女孩画了一个顺时针走的钟，并写道新路线为她省下四分钟。曼雅开心地笑了，抱了抱她，说这样一个小小的、有意义的结果是这个项目拥有的第一份真实资产。随后他们快速拍了几张照片，并没有造成任何损害。她提醒朋友们，新鲜感会消退，但一个学生站在锁住的大门前那种孤独不会。

那一周里合作的氛围很普遍。他们中有两个人去了城市边缘的一家葡萄酒厂采访司机，经理坦率地谈起一个棘手的问题：这条路夏天富足好走，冬天却无法通行。在司机当中，一个本地种植者家族把同一个习惯保持了一个世纪，也从来没有为方便来访者设立过可回收的标识。山谷的壮丽让人很容易原谅这次失败，而这恰恰是危险所在。

有人试图用一张模仿自帝国主义时期测绘的仿制地图误导团队。它图面漂亮，几乎与真图无法区分。曼雅没有误解对方的意图，但她拒绝珍视一份会污染记录的文书。第二天早上来了一封由衷的道歉，遗憾的是它来得太晚，赶在延误之后而不是之前。她在会上举手，要求说明每一条线的来源。

他们商定在学期评审前把调查的两部分重新合并，并评估设置长期指示牌的可行性。尽管工作迅速加快，他们还是选了一个悠闲的傍晚，重新核对每张卡片，并向那些和他们一起躲过雨的志愿者表示祝贺。“其他任何事，”林伟站在本该有坡道的地方说，“都可以等到明天。”
