English Story

The **examiner** arrived with a **briefcase**, a **paperback**, and a very **stiff** manner. “**Sir**,” Maya said, “we can **examine** the method in front of you, if you like.” He wanted to know where the idea came from, and the honest answer was that it came from **everywhere** and was not **particularly** helpful.

A **fellow** in a dark jacket asked how a **literary** project could claim **fluency**. “It cannot,” Lin said. “But it can **locate** the point where **fluency** fails.” A **dog** barked **below** the window, someone gave a **shout** in the yard, and a **horse** went past with a cart.

A **magical** claim would have been easier. A **poetic** one, a **Confucian** one, an **artistic** one: **any** of them could have hidden the gap. “Do not **boast**,” Professor Zhao said. “A **scripture** and an **X-ray** have this in common: neither cares what you believe.” The **whisper** in the corridor was that the funding had already been decided.

They knelt by the low shelf to **weigh** the evidence, and a **sketchy** diagram of their own **ancestry** of ideas — a map of who had taught whom — lay between them. “A **manipulative** summary is worse than a **selfish** one,” she said. “At least selfishness is honest.” An **editorial** in the student paper called the project a quiet success, and by that it meant a small one. The university **senate** had asked the same question, and its answer would have to **exemplify** the existing method rather than replace it.

The arc closed with an unresolved sentence. “We can manage what we can measure, and we can ignore what we cannot,” Lin wrote. “That is not a reason to stop; it is a reason to say so.” Such honesty damaged their chances, and they knew it themselves. The **everyday** work — a colonized shelf of borrowed books, a damaged sign, a **dictation** nobody had typed — continued anyway, and a **worldwide** network of three people is still a network. A movie would have ended here. A project does not. Unless the survey said otherwise, the map itself would stay. **Somewhere** between the speech he had prepared and the speech he actually gave, he found the sentence: a **knowledgeable** reader is not the same as a **knowledgeable** writer, and an old **oriental** art catalogue is not a method. “It has a **peculiar magic**,” Maya said. “Do not **pronounce** it finished.” She asked him to **explore** the existing shelf and to choose, really, one book for him. Learning how to learn had cost them a year; the only thing they could show for it was a better question.

中文翻译

检查人带着一只公文包、一本平装书和一副非常生硬的姿态到来。“先生，”曼雅说，“如果您愿意，我们可以在您面前检验这套方法。”他想知道这个想法从何而来，而诚实的答案是：它来自各处，而且并没有特别的帮助。

一位穿深色夹克的同行问，一个文学项目怎么能声称流畅。“它不能，”林伟说，“但它能定位出流畅失效的那一点。”窗下有一条狗在叫，院子里有人喊了一声，一匹马拉着车经过。

神奇的说法会更容易。诗意的、儒家的、艺术的说法：其中任何一种都能掩盖这个缺口。“不要自夸，”赵教授说，“一部经书和一张X光片有一个共同点：两者都不在乎你相信什么。”走廊里的低语说，资金其实早已定好了。

他们跪在低矮的书架旁权衡证据，一幅他们自己思想血统的粗略图表——一张谁教过谁的地图——摊在两人之间。“操纵性的总结比自私的总结更糟，”她说，“至少自私是诚实的。”学生报的一篇社论称这个项目是一次安静的成功，而它指的是：一次很小的成功。大学评议会问过同样的问题，而它的答案必须示范现有的方法，而不是取代它。

这段弧线以一句未解决的句子收尾。“我们能管理我们能测量的东西，也能忽视我们不能测量的东西，”林伟写道，“这不是停下的理由，而是把它说出来的理由。”这样的诚实损害了他们的机会，他们自己也知道。日常的工作——一排借来的书构成的殖民地式书架、一块损坏的指示牌、一段没人打出来的口述——仍然继续着；而一个由三个人组成的全球网络，仍然是一个网络。一部电影会在这里结束。一个项目不会。除非调查得出别的结论，那张地图本身会留下来。在他准备好的那篇讲话和他实际讲出的那篇讲话之间的某处，他找到了那句话：一个博学的读者不等于一个博学的作者，而一份古老的东方艺术目录不是一种方法。“它有一种奇特魔力，”曼雅说，“别说它已经完成。”她请他去探查现有的那个书架，并且真正为自己挑一本书。

Core Vocabulary · 核心词汇

Word / Pronunciation	Context meaning / source example
any 'eni POS: a	a. 任何的; pron. 任何 Collocation: — (not independently sourced) Example: s. one or some or every or all without specification; r. to any degree or extent
