

CH087 Answer Key · 答案与解析

CH087 · What the System Remembers: A Missing Voice

1. they never gave it for the storage of their data — The consent had never been given in the first place.
2. mechanism — The fault lay in the system's design, not its execution.
3. execute an instruction — Execute combines with an instruction, a plan, or a command.
4. consented — Consent requires comprehension.
5. compatible systems, telecommunications, and a mechanism for withdrawal — The request was technical and specific.
