CH107 · The River Answers Back: A Better Question

1. the investment in the cement — The obstacle was financial, not hydrological.
2. abundance — She contrasted a frozen seed with real abundance.
3. freeze a seed — Freeze combines with a seed, a pipe, or a price.
4. wave — He described the river as responsive, not passive.
5. a different map, not a better pump — He wanted a better question rather than more force.
