

CH108 Answer Key · 答案与解析

CH108 · The River Answers Back: The Second Attempt

1. one island of dry ground — The goal was small and specific.
2. resistance — The soil's resistance to water was the difficulty.
3. soak the soil — Soak combines with soil, a cloth, or a schedule.
4. up — The bank's capacity for damage was nearly exhausted.
5. a litre of salty water — The greenhouse distilled water overnight.
